

## IMPORTANT NOTICE

Dear VRUC Customer,

This important notice is to inform you of scheduled rate increase associated with our water improvement project. Currently there are 2 WATER rate increases scheduled. There are no scheduled changes to the SEWER rates.

The first increase of 30% will take effect beginning with the March 17, 2025 usage cycle. The first bill with this increase will arrive in May of 2025.

A second increase of 30% will take effect with the July 17, 2025 usage cycle. The first bill with this increase will arrive in September of 2025.

For more information about our water improvement project please visit our website [valleyruralutilityco.com](http://valleyruralutilityco.com) and click on the link for the PER (Preliminary Engineering Report).

VRUC is on schedule to close on our construction loan during late May or June of 2025. Once the Loan closes rates will be re-evaluated for adjustment if necessary. Further increases are not anticipated.

The information below shows past, current and future costs for WATER only for several different sample users.

### Minimum User (less than 2000 gallons per month)

Oct-24	Jan-25	May-25	Sep-25
\$19.06	\$24.78	\$32.22	\$41.88

### 4,000 gallon/month user

Oct-24	Jan-25	May-25	Sep-25
\$32.68	\$42.49	\$55.23	\$71.80

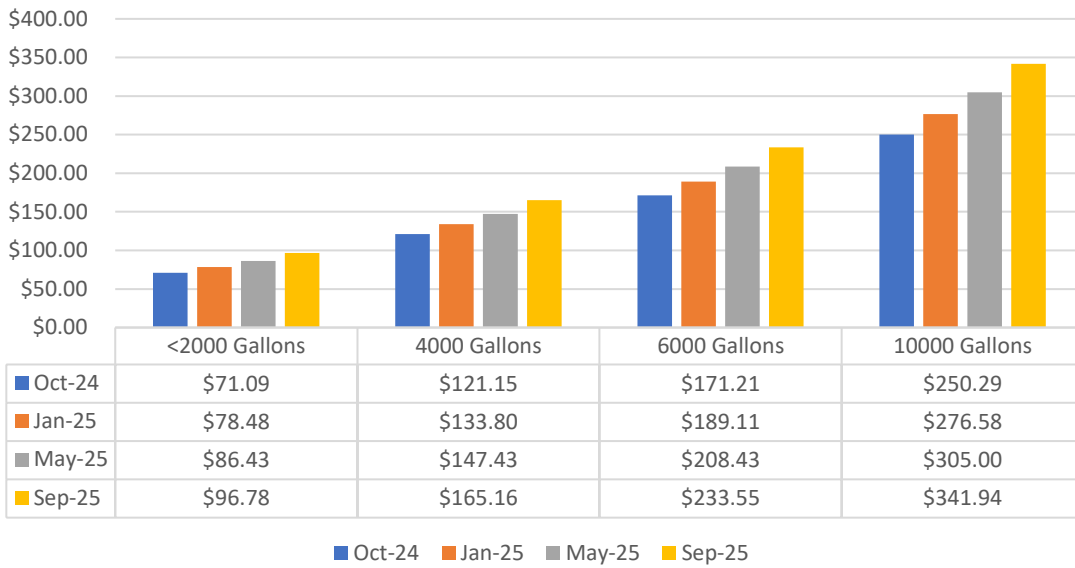

### 6,000 gallon/month user

Oct-24	Jan-25	May-25	Sep-25
\$46.30	\$60.19	\$78.25	\$101.72

### 10,000 gallon/month user

Oct-24	Jan-25	May-25	Sep-25
\$68.09	\$88.52	\$115.08	\$149.60

### Combined Water and Sewer Bill

Thank you,  
 Bill Neyer
